LUCENTA - PHOTOLUMINESCENT EXIT SIGNS

The Way To Glow

THE LOOK OF QUALITY

“Glowing with Light,” the Lucenta Photo Luminescent exit sign series utilizes high performance, long after-glow strontium oxide aluminate Photo Luminescent pigment molded into a rigid self-extinguishing PVC sheet.

Panels are framed with a unique channel lock and low-profile aluminum extrusion, making for superior durability and quality appearance.

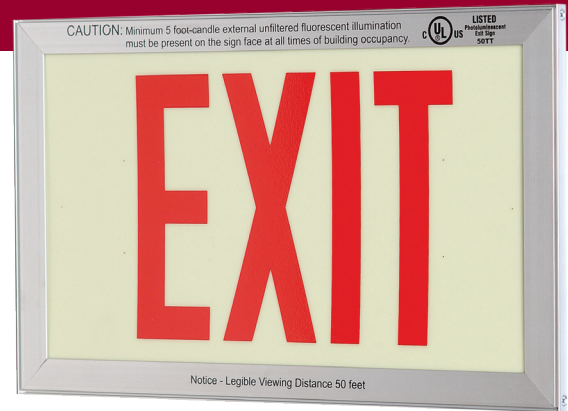

50 foot or 75 foot rated viewing distance to order, LUC75 uses a rigid aluminum photoluminescent panel with red or green letters.

Construction

- Universal frame – single/double face signs
- Hidden mounting hardware (supplied) on surface wall mounted signs enhances quality appearance and restricts both access and removal
- Supplied with universal canopy for ceiling or end mounting
- Chain and pendant mounting kits available to order

Electrical

- Non-electrical photoluminescent panel has 6” high letters with 3/4” stroke and field applicable chevron directional indicators

Wall Mount

Illumination

- Requires only 5 foot candles (54 lux) of unfiltered fluorescent lighting for 60 minutes to activate (must be externally illuminated during normal building occupancy)
- 25+ years life expectancy
- LUC75 is a 75 foot rated sign and has 7” high letters with 1” stroke to provide legible viewing at 75 feet for a 90 minute duration

Certification

- Meets NFPA101 Life Safety Code and OSHA requirements
- UL 924 listed to provide legible viewing at 50 feet - 90 minutes duration
- UL 1994 listed for floor proximity use, 6” letters with 3/4” stroke
