TRER

MA/CT Code-Compliant Recessed Edgelit LED Exit Sign

The TRER edge-lit exit signs feature a clean and traditional look. The indirect LED illumination evenly lights the acrylic face with crisp, even light. The ultra thin face plate virtually disappears once installed, yet the EXIT lettering boldly distinguishes the path of egress.

CONSTRUCTION

- Die cast aluminum housing with field selectable chevrons
- Universal mounting pattern on back plate for wall mounting
- Mounting canopy is included for top or end mounting
- Available in white or black powder coat, or all brushed aluminum housings
- Options available include wall mounted wire guard and self-diagnostics (EM models)

ELECTRICAL

- Maintenance-free Nickel-Cadmium battery with a 90-minute emergency runtime (EM models)
- An optional 120 minute Ni-Cad battery is available
- Recharge time of the battery is twenty-four (24) hours
- The maximum battery working temperature is 45°C
- Configured with high output, high efficiency LED's
- Standard with 120/277V input
- All LED versions consume 2W or less nominal power
- The charger also has brownout and short circuit protection.
- Designed to operate on battery power in the event of a regular mains power failure (EM models)
- Utilizes a solid state transfer that eliminates the possibility of relay failure due to particle build up on the relay (EM models)
- Status is easily determined via an LED that indicates AC-ON
- A push button test switch allows maintenance personnel to quickly confirm the operational status of the exit

CERTIFICATION

- CCSA C22.2 No. 141 Performance Certified
- Buy American Act compliant

WARRANTY

- 3 year limited warranty - view complete warranty terms online at www.evenlite.com/terms-warranty.
