

# TELESIS VRWP

NEMA 4X, IP65 Telesis TEBL Wet Location Cover

The VRWP cover provides an economical solution to adapt the popular TEBL emergency light to a wet location vandal resistant application. The VRWP is compact, aesthetically pleasing and adds wet location protection, with vandal resistance.

## CONSTRUCTION

- 0.12" thick clear UV resistant polycarbonate protective lens with integrated sealing lip
- Universal Mounting pattern for wall mounting with a neoprene gasket on the backplate
- Mounting hardware included
- Stainless steel screws secure cover to base
- Designed for use in NEMA 4X or wet locations, IP65 rated
- Suitable for use areas where accidental or intentional abuse may occur
- Fits neatly over TEBL3,5, and 6 models

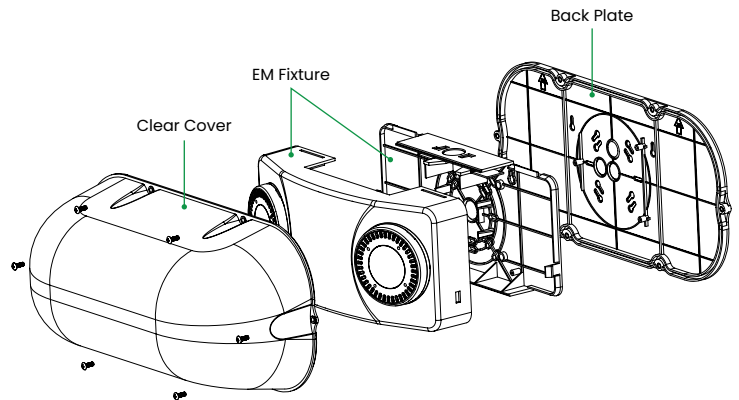

## CERTIFICATION

- UL 924 listed and IP65 rated

## ORDERING CODE

- Order as: VRWP
