# PH SERIES - Photoluminescent Exit

*100' Rated Viewing Distance No Electrical Power Required LED Compatible*

## “GLOWING WITH LIGHT”

The PH Series provides an unobtrusive, high performance 100' viewing distance, Photoluminescent exit sign in an attractive Slimline ABS housing with universal mounting canopy. Designed for easy installation and maintenance free operation, with an expected life of 25+ years. Sustainable design lends itself to green buildings and PH series is recyclable at the end of its useful life.

Rated for 100 foot viewing distance and require's only 5 foot-candles (54 lux) of light for activation during times of building occupancy.

## Construction

- PH Series is constructed using a pure white ABS housing and photo luminescent panel
- Stencil face with green Photo luminescent letters and a silver/gray outline provide high contrast and visibility
- Universal field selectable chevron directional indicators are included with each sign
- Single or double face models available and are suitable for over the door or low mounting requirements
- Signs can be easily relocated in the event of building renovations or changes in the designated egress path

## Illumination

- Activation requires only 5 foot-candles (54 lux) of unfiltered fluorescent, LED, Metal Halide, or Mercury Vapor lighting for 60 minutes (must be externally illuminated during normal building occupation)
- Proprietary high-density phosphors used to meet the 100-foot viewing requirement

## Certification

- 7" high letters with a 7/8" stroke provides 100' UL listed viewing distance
- PH100 was tested and listed per UL924 requirements for use with LED lighting
- PH Series photo luminescent exit signs are LEED point qualified and recyclable at the end of their useful life
- Tested and listed to UL 924, meets NFPA101 Life Safety Code and OSHA requirements
