

VRS

Vandal-Resistant Polycarbonate Emergency Light Shield

The VRS vandal-resistant shield protects your emergency lighting from both accidental and intentional damage, as well as unauthorized tampering. Made from clear, UV-stabilized, non-corrosive polycarbonate material, this vandal-resistant shield is easy to install on walls or flat surfaces via the mounting holes and provided hardware. It is compatible with Telesis CMG, TEB, TEBL, TCS, and many other fixtures and accessories.

CONSTRUCTION

- Clear, UV-stabilized, non-corrosive 0.1" thick polycarbonate material

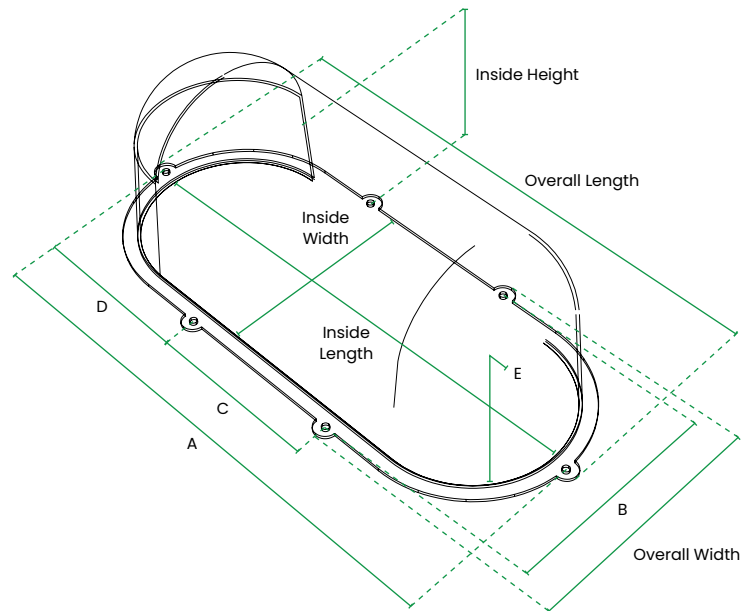

COMPATIBLE PRODUCTS

- Telesis TLX
- Many other Evenlite exit signs
